Property details

How would you describe your property?

Terrace Flat Semi-detached Detached

Other If other, Please specify: _____

Is the building Grade Listed?

Yes No

Is the property timber framed?

Yes No Partly

What type of building do you want to connect?

Existing building(s) New building(s) Please note, for new buildings you will need to include a to-scale site plan with your application
Both

Will the work involve crossing shared or private land that you do not own?

Yes No

Existing buildings: Has the building been empty for more than two years?

Yes No

Existing buildings: Is the property classed as a conversion, e.g. change from commercial premises being converted to domestic premise?

Yes No

Existing buildings: Has the property previously had a gas supply?

Yes No Not known

If you answered Yes to the above question, please provide any additional details you may have (such as meter size or how much gas is being used (Hourly gas load) _____

Meter & Excavation details

Information below is based on an hourly gas load of up to 65kW (suitable for a U6 gas meter).

Surface Mounted meter box

Suitable only for hourly gas loads up to <64kW (U6 meters)

Built-In meter box

Suitable only for hourly gas loads up to <64kW (U6 meters)

Internal termination

Semi-Concealed meter box

Suitable only for hourly gas loads up to <64kW (U6 meters)

Northern Gas Networks will supply surface mounted or semi concealed meter boxes. If you require a built-in box, you or your builder will need to supply this and build it into your wall. **Northern Gas Networks do not fit gas meters - you will need to contact your preferred gas supplier and arrange for them to fit a meter to your new gas supply.**

Which kind of meter box/termination would you like?

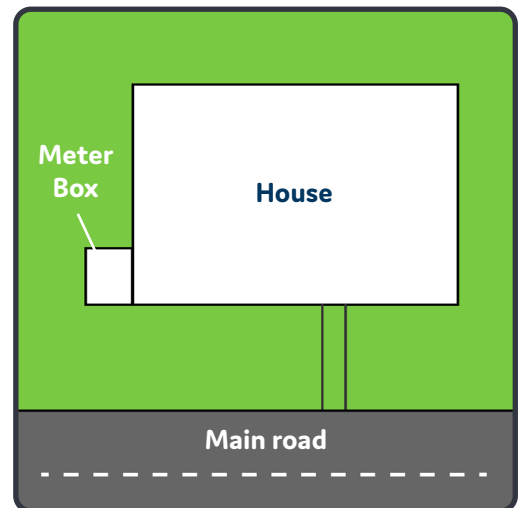

Where do you want it to be installed? an example answer might be 'left hand wall'

Please add a drawing of your property and include where you would like your meter to go, or any other information which you feel would be useful to help us process your application. Alternatively, you can provide a site plan with your application.

Please bear in mind:

- a) Your meter must be positioned on the wall of the property that faces the gas main or no further than 2m down the side of the property.
- b) Meters must be located in a position where they are not at risk of damage; for example, surface mounted or semi concealed meter boxes cannot be installed on a driveway where there's not enough additional clearance for a car to pass safely.
- c) The meter must be positioned so that the pipework can be diverted to avoid any obstacles that may not show up on a map, for example, a pond or a tree.

Example Site Plan

Who will be doing the digging on your property?

I would like to do my own digging

This means that you will dig the trench where we will lay the gas pipe. You will also be responsible for reinstating (filling in) the trench once we have laid the pipe.

Northern Gas Networks to dig

This means that NGN will dig the trench for the gas pipe and then NGN will also reinstate the trench once the gas pipe is laid.

Site considerations

Please tell us anything unusual about the site, for example, specialist surfaces such as printed concrete, stone or resin driveways, steep or high boundary walls, streams, access issues, railway crossings, watercourses, conservation area or contaminated land:

Are there any further developments or additional services anticipated on site?

Yes No Don't know

Did you know you might be eligible for funding on your new gas supply?

Our partners, Communitas Energy CIC, can carry out a quick phone assessment to see if you qualify.

Would you like to apply for this support?

Yes No

Let us know if you're happy for Communitas Energy CIC to get in touch them to call you

Yes No

Do you want to install gas central heating at the property in the next 12 months?

Please note, there has to be an intention to install gas central heating within 12 months if having an assisted gas connection in order to be considered for the scheme

Yes No

If you already have a fuel-poor code please enter it here:

What is your involvement with this property?

Occupant Landlord Heating Installer Property Developer Other

What is the current EPC for the property?

What is the approximate household income?

£30k gross or less p/year More than £30k gross p/year

Is anyone linked to the property in receipt of benefits?

E.g. Carer's Allowance, Income Support, Universal Credit, Housing Benefit

Yes No

Declaration
